My primary business is: Design/Spec Construction Maintenance
Number of employees: 1-10 11-50 50+
I would like to request: Catalog Sales contact Pricing Horizon

3. Ensure that the surface of the phone is clean and free from dust and oil.
4. Remove clear protective film from tablet* glass.
5. Peel the tablet* onto the clean and dry surface. Product may be removed with a clean pad of cotton.
6. The tablet* must be in contact with a clean surface in order to get the most surface contact. Do not use gloves.
7. Apply the adhesive to the back of the tablet* and press the tablet* onto the back of the phone.

When applied to the surface, the high performance material provides the most advanced anti-dust barrier in the world.
